

Product	Omschrijving	Prijs excl. BTW
DeckLink HD Extreme BM018	Features both SDI and analogue I/O connections that instantly switch between high definition and standard definition video. Use with the latest PCI Express Mac and Windows computers for the world's highest quality editing, effects and broadcast paint solution.	€ 775,00
DeckLink HD Pro DL BM005	DeckLink HD Pro is available in two models, PCI Express 4 Lane, and PCI-X 133 MHz slots for maximum compatibly. Supports dual link highest quality 4:4:4 SDI, so you can work natively in 4:4:4 10 bit RGB, for high end effects and feature film work. 10 bit RGB 4:4:4 is compatible with the Sony HDCAM-SR 4:4:4 deck, and allows full color resolution for amazing quality. Also features 14 bit analogue monitor output.	€ 1.175,00
DeckLink HD Pro DL PCIe BM017	Features both SDI and analogue I/O connections that instantly switch between high definition and standard definition video. Use with the latest PCI Express Mac and Windows computers for the world's highest quality editing, effects and broadcast paint solution.	€ 925,00
Intensity BM021	Intensity features the latest HDMI technology for the highest quality capture and playback on Windows or Mac OS X computers. Now you can edit using big-screen HDMI televisions and video projectors, or capture uncompressed quality from HDV or AVCHD cameras.	€ 199,00
Intensity Pro BM024	As Intensity above, but with additional analogue component, NTSC, PAL and S-Video capture and playback.	€ 279,00
Multibridge Eclipse BM022	As Multibridge Pro 2 above, but also featuring 12 channels of AES/EBU digital audio on balanced XLR connectors, as well as 4 channels of pro balanced analogue audio on XLR connectors	€ 2.175,00
Multibridge Pro BM025	Capture and playback from any SDI, HDMI or analog broadcast deck, camera or monitor. Use Multibridge as a bidirectional video converter and convert from SDI to analog and HDMI, and analogue to SDI and HDMI simultaneously with instant switching between SD & HD. Dual Link SDI and 3 Gb/s SDI, you can capture and play back 4:4:4 video when used with decks such as Sony HDCAM SR™, or play back in real time 2K film resolution at 24 fps with Blackmagic Design's HDLink Pro. Can also be used as a stand alone converter from digital to analogue, and analogue to digital all at the same time with selectable audio embedding and de-embedding. Supports 8 channels of AES/EBU digital audio on a multi-pin DB-25 connector, as well as 2 channels of pro balanced analogue audio on XLR connectors.	€ 1.245,00
DeckLink SDI BM035	DeckLink SDI includes the highest quality, quality 10 bit SD/HD-SDI capture and playback, while also including features high end customers really need, such as black burst/HD tri-sync reference input, and RS-422 deck control. DeckLink SDI replaces Blackmagic Design's original SD only DeckLink model, while adding PCI Express, 10 bit HD-SDI capture and playback, and reference input. DeckLink SDI is fully compatible with the largest enterprise level broadcast routing switchers, such as Blackmagic Design's Broadcast Videohub 72 x 144 SDI router, and is perfect for use with a wide range of SDI video converters such as Blackmagic Design's Mini Converter range.	€ 325,00

DeckLink Studio BM036	DeckLink Studio features independent connections for SDI, analog component, S-Video and composite video, so all types of external video equipment can remain connected without re-cabling. DeckLink Studio also includes SDI connections that switch between SD and HD, as well as an SD only output that always outputs via a built in hardware down converter even when running in HD. The SD down converted output is great when you need to monitor your work in both SD and HD at the same time. No product on the market today has a built in high quality hardware down converter at this low price point.	€ 545,00
Monitoring		
HDLINK BM006	HDLINK introduced the world's first full HDTV resolution 4:4:4 monitoring solution that supports both standard definition SDI, HD-SDI and Dual Link HD-SDI 4:4:4 for full resolution color monitoring. Dual Link HD-SDI 4:4:4 uses two HD-SDI video cables for twice the color resolution. Also includes 1D lookup tables via USB and analogue audio outputs.	€ 345,00
HDLINK Pro BM023	More advanced version of HDLINK with 3D lookup tables, 6 channel audio and advanced 2K feature film monitoring via 3 Gb/s SDI.B23	€ 625,00
Converters		
Mini Converter - Analog to SDI BM026	Converts from analogue video in HD/SD component, NTSC, PAL or S-Video to SDI with the choice to embed SDI audio from balanced AES/EBU or analogue inputs.	€ 395,00
Mini Converter - HDMI to SDI BM027	Converts HDMI to SDI with the choice to embed SDI audio from either the HDMI, AES/EBU or balanced analogue audio inputs.	€ 395,00
Mini Converter - SDI to Analog BM028	Converts SDI to analogue in HD/SD component, NTSC and PAL video plus balanced AES/EBU and analogue audio.	€ 395,00
Mini Converter - SDI to HDMI BM029	Converts from SDI to HDMI video with embedded HDMI audio, plus balanced AES/EBU or analogue audio.	€ 395,00
Mini Converter - Sync Generator BM030	Includes 6 crystal stabilised video reference outputs for referencing all the video equipment in your studio in either high definition Tri-Sync or standard definition Black Burst television standards.	€ 235,00
Broadcast Converter BM031	Combines most of the above mini-converters into a 1U rack chassis that allows bi-directional conversion. Converts SDI to analogue/HDMI while at the same time converting analogue HDMI to SDI. Broadcast Converter specifications are different to Mini Converter specifications check leaflet for detailed info.	€ 775,00
Routing and distribution		
Workgroup Videohub BM009	Workgroup Videohub eliminates complicated manual cable patching by connecting everyone together into a fully featured professional routing switcher. Workgroup Videohub automatically switches between standard definition SDI and high definition SDI with full 12x24 routing. With 12 extra independent SDI monitoring outputs allowing separate monitoring direct from the router, also included are 12 RS-422 deck control ports with two channels in internal processing for HD down conversion and a keying frame store. Compatibility with all SDI based equipment is assured, as all connections are compliant with SMPTE-292M, SMPTE-259M, SMPTE-296M and ITU-R BT.656. All housed in a 3RU reversible rackmount.	€ 3.875,00
Routing and distribution		
Broadcast Videohub BM032	Broadcast Videohub is a powerful broadcast grade routingswitcher that features a massive 72 inputs, 144 outputs, 72 deck control ports, and auto switching SD, HD, and 3Gb/s SDI, all in a compact rack mount chassis only a few centermeters thick. The unit handles mixed SD, HD and 3GB/s SDI connections all on the same router at the same time and automatically detects when an input changes and sets all outputs connected to that input to match. SDI re-clocking and output SDI slew rates change automatically. Compatible with Mac OS X or Windows.	€ 11.595,00

H.264 Encoding		
Video Recorder BM033	Capture video direct to H.264 video files for your iPod, iPhone, Apple TV, YouTube and even full resolution video backups.	€ 129,00
Accessories and Spare Parts		
BM110	Adapter - PCIe 4L Slot to PCIe Cable	€ 39,00
BM106	Adapter - DVI to HDMI 5 Pack	€ 75,00
BM103	Cable - DeckLink Extreme	€ 105,00
BM114	Cable - DeckLink HD Extreme/Studio	€ 99,00
BM104	Cable - DeckLink HD Plus	€ 105,00
BM105	Cable - DeckLink HD Pro	€ 99,00
BM101	Cable - DeckLink Pro	€ 89,00
BM102	Cable - DeckLink SP	€ 105,00
BM115	Cable - Intensity Pro	€ 35,00
BM113	Cable - 4 Lane PCI Express 2m	€ 105,00
BM116	Power supply- Mini converter	€ 47,00
BM118	Power supply Broadcast video hub	€ 75,00
BM 117	Power supply - HD Link Pro 12 V	€ 47,00
BM111	Power Supply - Multibridge Ext/Pro	€ 47,00
BM107	Power Supply - HDLink 5V10W	€ 39,00
BM108	Power Supply - Multibridge HD/SD 5V12V	€ 47,00
BM109	Power Supply - Videohub 5V30W	€ 47,00

*** New products**

Prijswijzigingen voorbehouden

Products come with the following accessories:

- *Cable is included in Intensity Pro, DeckLink SP/Pro/Extreme/HD Extreme/ HD Pro*
- *DVI to HMDI Adapter is included in HDLink and HDLink Pro*
- *Power Supply is included in HDLink, HDLink Pro, Videohub and all Multibridge products*
- *PCIe Cable and PCIe Adapter card are included in all Multibridge products*
- *All prices exclude VAT, shipping costs and credit card charges*
